### Survivors of Bereavement by Suicide

We exist to meet the needs and break the isolation of those bereaved by the suicide of a close relative or friend. Many of those helping have themselves been bereaved by suicide.

We offer emotional support, help and information in a number of ways:

- Telephone Helpline
- Information
- Support group meetings around the country
- Support Days
- Residential events
- Forum

Our aim is to provide a safe, confidential environment, in which bereaved people can share their experiences and feelings, thus giving and gaining support from each other.

We also strive to improve public awareness and maintain contacts with many other statutory and voluntary organisations.

Suicide recognises no social, ethnic or cultural boundaries – neither do we. Our groups are free of charge and open to all survivors of bereavement by suicide aged 18 and over.
